My Life as a Cookie
Lover
By Lauren

The first time that I fell in love
Was when I had a taste
Of wondrous bursts of chocolate flavor
Soon all in my face
A chocolate cookie
Mmm so yum
I'd like another please
The scrumptious treat fills me with joy
It's not something to tease
I fill my house with cookie goodness

Buy new packs each day
Though I am fat
I'm liked like that
My cookies ought to stay
I ask them for their hand in marriage
They know I'm not true
Because I eat their relatives
They say "No way! Not you!"
It's sad at times
But I don't care
My love I soon will prove...
That's not true
But maybe you
Can do so very soon

The Pudding Pie
By Lauren
I've been here long
Just waiting to die
Who wouldn't want a pudding pie
The pie, that's me
Who will it be
That really cares to eat sweet me
I taste quite fine
I smell quite nice
Though now I'm being fed to mice
Well thank you mice
You've been so kind
Though humans were who I had in my mind
Thank you
Thank you
You've done a great deed
Now to your stomachs I will proceed

The Bicycle By Lauren

Why have you forsaken me
You left me in the cold
I'll be here for eternity
And you'll watch me grow old
I wish I could go everywhere
Anywhere but here
Because you have forsaken me
I'll be here every year

Sweet, Sweet Poetry By Lauren

Candy Apples
Lollipops
Bubblegum
And chocolate shops
Candy bars
Chewy cars
All these sweet treats really are:
Tasty
Crunchy
Chewy too
Scrumptious
Sticky
Oozy oozy
We all love these awesome treats
Some even take them off the street!

Letters from Ventus

Book 4 Part 2

The planet itself was being torn
apart! Earthquakes, Eruptions,
Everything!
I saw four „people“ down in a valley,
but as I went to go meet them, the
ground in front of me exploded! A
large lava monster burst out of the
ground. Then, it collapsed to its side.
Behind it, there stood Wintrus, the

spirit of winter. His staff was still glowing after all the energy it put out. He said, "Come over here and meet my friends." And I did. I met Springtrus, the spirit of spring, brother of Wintrus and Autumnus, the spirit of autumn, and her sister Summrus, the spirit of summer. They talked and talked, and I was able to catch a few words like "The war against Quadeson is not going well." They turned to me and gave me a scythe. They said "If you help us win this war, we will send you back to your train." And I knew I was being plunged into a brand-new adventure.

Tune in next issue to see Ventus series 2.0!

- A. Just watch the show... this test isn't life-threatening.
- B. Study for 5 minutes, and then watch the show...hey, at least you studied for a *little* bit
- C. Skip the show. You want to do well for this test.

You're best friend has just joined a club for cheerleaders only. The only problem is ...you're not a cheerleader, and are not interested in it, but your best friend is not talking to you! You've been friends ever since second grade, and you don't want to lose her friendship.

You...

- A. Become a cheerleader. You'll do anything for your best friend.
- B. Talk to her when she's not with her club. You need her to know what you think
- C. Hey, if she's not going to talk to you, why should you talk to her?

Spiritflower

By: Katharine

You may be a lilac

Graceful and sweet

Who is peaceful and loving to everyone she meets.

If you're thoughtful, including, big-hearted and bold,

Then you must be a Marigold
We are all planted in the soil of youth.
But there is one of me and millions of you.
I AM SPIRITFLOWER

For awhile, or
Forever
I miss you where ever you are
I hope you miss you miss me to
To see you again would be great
To be with you again would be better
Where ever you are,
And for however long,
I will always miss you
Until we are together again
I miss you

The Pig

By Lauren
I am a pig and here is my story
I went to the butcher with my owner Tory
I didn't know why she was taking me there
It seemed a strange place for a pig like me
there
None of my friends have ever come back

From this weird place called the Butcher Shack

Maybe it's special

For pigs with a purpose

I really hope that it is worth it

But when I saw that big guy with a knife

I really wanted to run for my life

But Tory wouldn't let me

She held me there

Until I was bacon

And eaten

Book Review

Harry Potter and the Deathly Hollows, the movie

by Anna

Harry Potter the Deathly Hollows
Part one is exhilarating!! It is packed with
action and adventure. It was scary and
exciting. This movie is probably my
favorite movie. It has fights with magic,
fights without magic, places in the movie
where you would want to cry, places in the
movie where you are curious and do not

know what to think. There are places where you want to jump in and tell Harry Potter not to do something. The movie makes you want to jump in it and be one of the characters whether it is Voldemort or Harry Potter or even Ron or Hermione. (I personally wanted to be Hermione.) The movie makes you connect with Harry Potter and feel like he is your friend and you are his friend. It was fascinating. It is as good as J. k. Rowlings's books and almost tops them. I can't wait 'til part two of *Harry Potter and the Deathly Hallows* comes out. I hope you will connect with Harry Potter and love the movie as much as I did.

Bring Peace to the World

By: Erin

**I need your grace I need
your faith down here with me.**

**And together we can make
people believe in you we can do
this, and bring peace to the world,**

BRING PEACE TO THE WORLD! we will fight, we will pray, we will BRING PEACE TO THE WORLD!

Wrong by Lauren

Everything was wrong

With one little song

With one little word

With one gone too long

With one little item

You wanted to fight 'em

With one little mess-up

You just couldn't dress up

For special occasions

You felt no emotion

The world was not right

All was full of fight

Why no one could fix it?

They say it's not worth it

But really what matters

Is just pitter patters

Of rain and of snow

You just wouldn't know

'Til you felt the fun

So should everyone

Enjoy the peace here

Enjoy the fun there

Enjoy those around you

Enjoy everywhere

HOW TO HAVE A PERFECT ROOM MAKEOVER (WITHOUT SPENDING TOO MUCH MONEY)

By Anna

- Change it up!

Do something different. Ask your Dad or Mom (or someone with lots of strength) to move your room around! If your reading corner is in one corner of the room move it to the other side of your room.

Move your bed to a different spot or at a different angle.

- Spice it up!

If you have old scarves hang them from the ceiling. If you have artwork or mobiles from school projects hang them from the ceiling or on the wall.

Girls you can make fake flowers by taking 3 different colors of tissue paper, cutting them up into three circles in different sizes, crumpling them up separately, layering them, and then adding pipe cleaners at the end.

Boys, if you have sports posters or any posters hang them up. If you have sports collectors' cards fan them out and put those up.

Everyone, girls, if you have mirrors, or, boys, if you have football, you may want to decorate it and hang them up or put them on display. Hang up any posters you have.

- Organize it up!

Go through your stuff. This project may take a few days. The first day you should go through all of your stuff. Put it in four piles

1st pile-keep, anything you want to keep in your room.

2nd pile-storage, anything you want to keep, but not in your room.

3rd pile-donate, anything you don't want but is in good condition.

4th pile-trash, anything you don't want and is in bad condition.

Now, put your storage stuff in a bin in the back of your closet. If you have any boxes put stuff in it and put it under your bed. The things you want to keep out make them look nice and pretty

- Tips!

Don't let it get too busy, that means
don't let there be too many things hanging up.

Try to use things that you already have.
If you don't have something, you might want to see if
you can get it in nature. If you must, buy it.

Also, you can have friends over and have a
big party and have them help you do your room.

I HOPE THIS HELPS!!

ART by Lauren

Paint the wind

Paint and draw

It's fun for all

Enjoy your life

Forget the strife

Paint the floor

Paint the wall

Put your likes in a pile

Take a run

Run for miles

Just remember the key here

Keep the good things good and near

Cherish the moment

Cherish the day

You never know what others'll say

So just ignore it

They don't know

They want to make you feel low

Happy is the way to be

Be it often

Be happy

The Adventures of Mr. Hot Dog Man

By Aaron and Luke

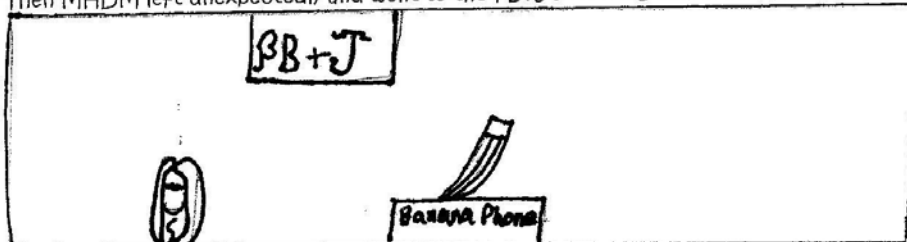

Firstly, MHDM and Small Fry were enjoying lunch with Dr. Burger when suddenly Pepino the Jalapeno Pepper busted in.

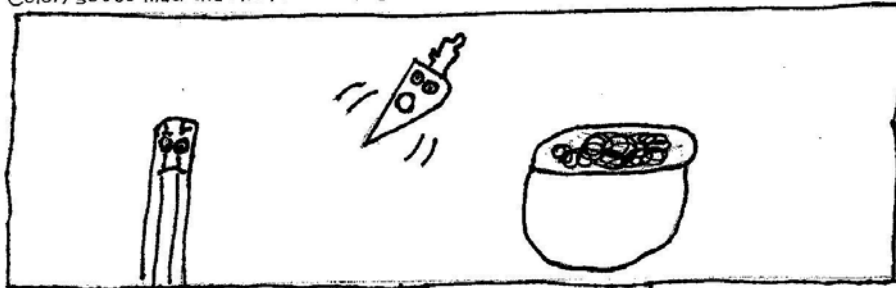

Randomly music blasted on saying "Here is Taipei 101 and then it got attacked by King Kong!"
(Rest of lyrics in next comic)

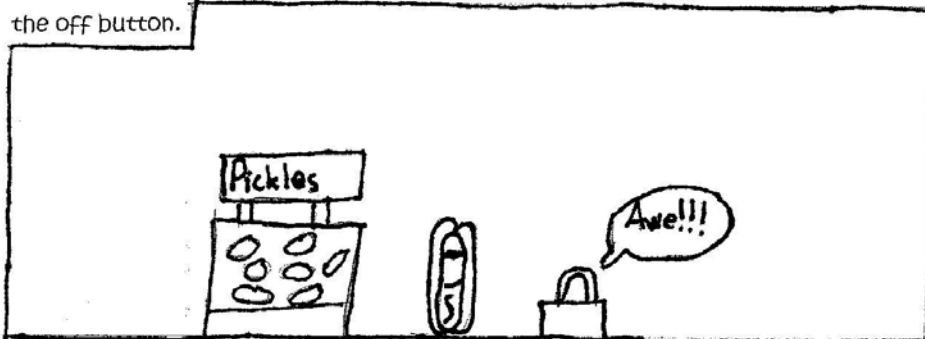

Then MHDM left unexpectedly and went to the PB&J store to get the new "Banana Phone!"

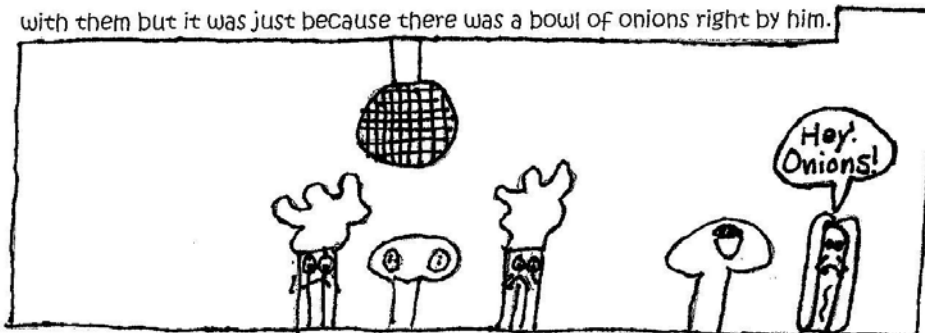

MHDM left the store and saw his friend Celery fighting with his insurance agent, Carrot. Celery got so mad that he picked up Carrot and threw him into a bowl of ranch dressing.

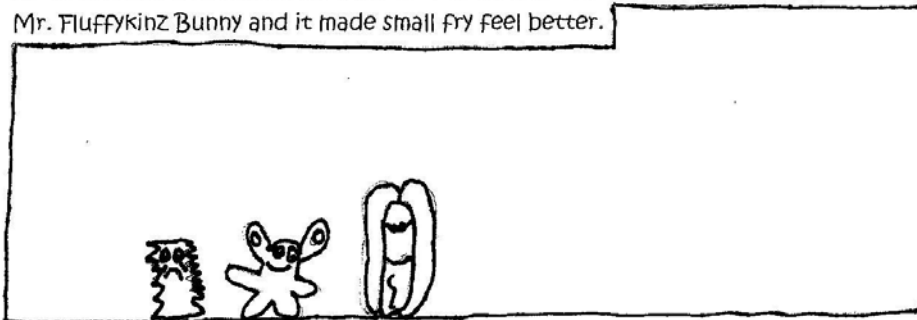

MHDM went to the market after what he had seen. He opened the pickle compartment where they always had the finest pickles. Then he heard a sound like "Awe!!! " He found out that there was a tape player right behind him and he smacked the off button.

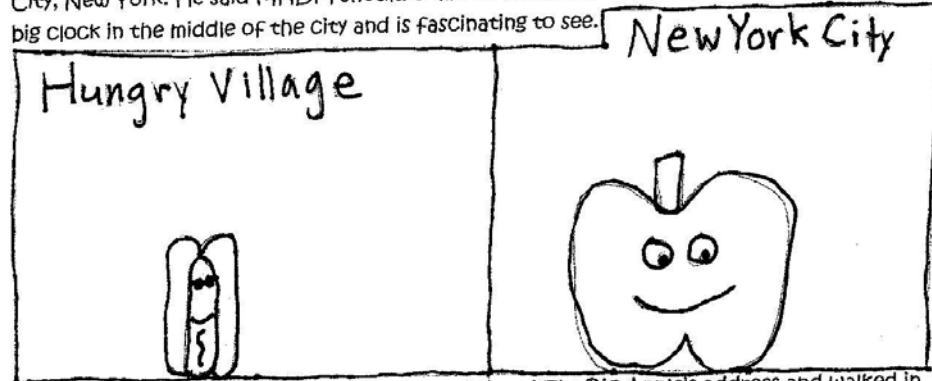

He went into Mr. Steak's restaurant and got a table for one. Right next to him there was two asparagus crying because their grandpa died. Then MHDM started crying with them but it was just because there was a bowl of onions right by him.

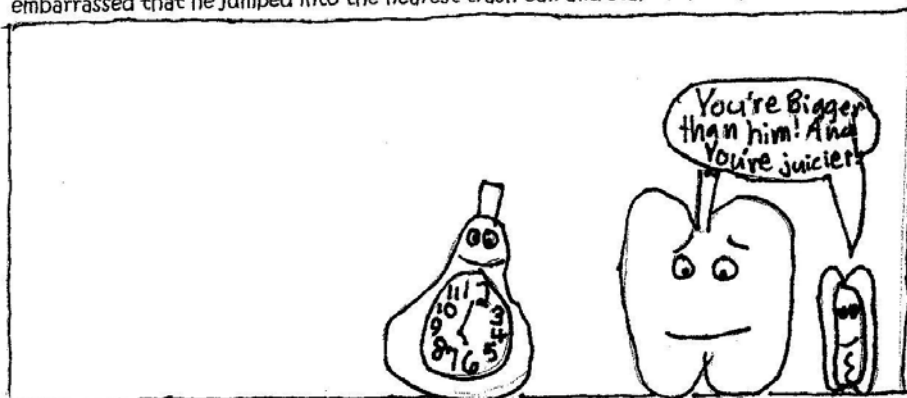

MHDM went home after a long day. He was so exhausted and tired. He went in his bathroom and found small fry there whining. He was saying "Mama! Mama!" MHDM asked him what he was whining about. Actually he cut himself so MHDM gave him a Mr. Fluffykinz Bunny and it made small fry feel better.

MHDM woke up the next morning and got a call from his friend The Big Apple in New York City, New York. He said MHDM should come to visit and see Times Pear. Times Pear is just a big clock in the middle of the city and is fascinating to see.

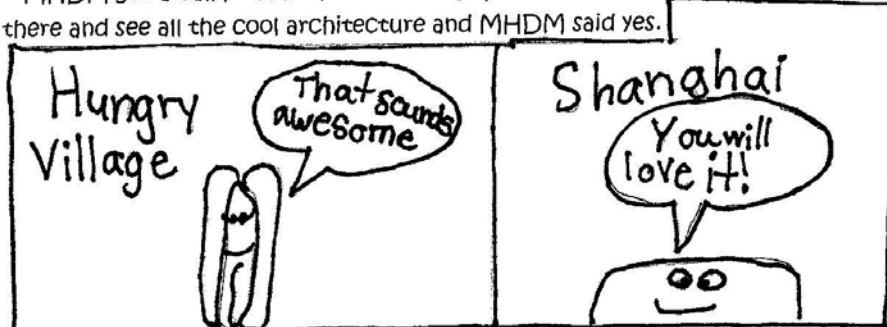

He traveled all the way to New York City and found The Big Apple's address and walked in. The Big Apple was big and red so MHDM was scared of him. They both went to see Times Pear and MHDM said "You're Bigger than him! And you're juicier!" The Big Apple was so embarrassed that he jumped into the nearest trash Can and stayed there for three hours.

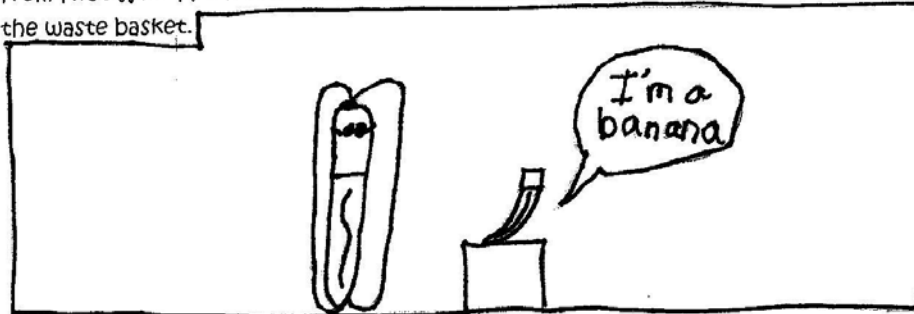

MHDM went home and went to the mall to get hot dog buns for him. He found the newest styles; whole wheat, white and rye. He got his new hot dog buns and got some low calorie ketchup and mustard. He is now the most stylish hot dog in town.

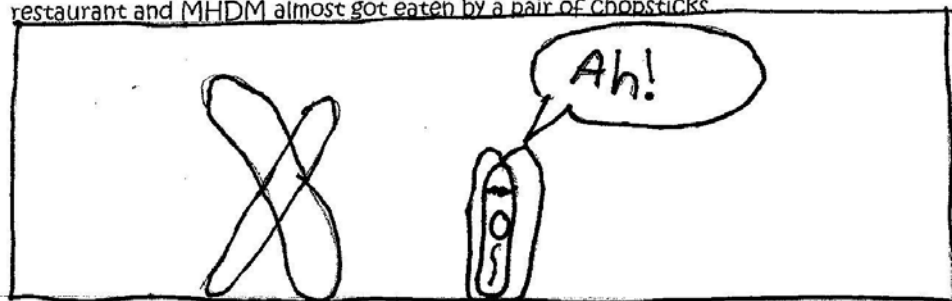

MHDM got a call from his friend sushi in Shanghai, China asking him to come over there and see all the cool architecture and MHDM said yes.

He got up the next morning and his phone rang. It was saying "I'm a banana. I'm a banana. I'm a banana. Look at me move". He answered it and it was a Chinese guy from First Wok. He didn't understand a thing so he hung up and threw the phone in the waste basket.

He watched Sportcenter for a while and then went to the airport to get on the plane. When he got there he saw his friend and they talked for a while. Then they went to a restaurant and MHDM almost got eaten by a pair of chopsticks.
