

Math & Science

Sixth Grade Science

We are winding up our last week of regular instruction. The notes have been completed for chapter 1, lessons 2 & 3. We'll continue our review today and will have a vocabulary quiz on Wednesday, May 16. We will go over the quiz on Thursday and then prepare for a quiz covering lessons 2 & 3 on Friday, May 18.

The week of May 21 will begin our week of review for our exam. All material covered during the second semester will be considered for the exam. The students have a review sheet with the date for their exam.

Seventh Grade Science

Our material for lessons 1 & 2 of chapter 1 in the weather text has been completed. We'll have a quiz covering this material on Tuesday, May 15. We'll go over the material in lesson 3 on winds, but will not have enough time to get through it for a quiz.

The week of May 21 will begin our week of review for our exam. All material covered during the second semester will be considered for the exam. The students have a review sheet with the date for their exam.

Eighth Grade Science

We have a quiz scheduled for Monday, May 14 that will cover lessons 3 & 4 of chapter 6. This material is on the senses and endocrine system. We'll go over this quiz on Tuesday and then begin reviewing for their exam. As part of their exam preparation I'm giving them a test (not graded) for chapter 5.

The week of May 21 will begin our week of review for our exam. All material covered during the second semester will be considered for the exam. The students have a review sheet with the date for their exam.

Sixth Grade Math

We have been working with adding and subtracting fractions for over a week. I'm planning on a quiz for Wednesday, May 16. This quiz will cover lessons 1 - 4 of chapter 7. We'll take a look at multiplying and dividing fractions on Thursday and Friday.

The week of May 21 will begin our week of review for our exam. All material covered during the second semester will be considered for the exam. The students have a review sheet with the date for their exam.
