

Science Olympiad Schedules

Parents,

Please be aware that if the Tuesday night schedule states that an event is off for the night that your child may still be on in another event. I use this opportunity to move the students around to some of their other events to make good use of our time.

We are also scheduling our last two events. We needed to wait for our CC students to complete their fall activities.

There is a lot of compromise with the sports schedules and our practices. I very much appreciate the willingness of our athletic director and our sports coaches in working out our many calendar conflicts throughout the year.

Thanks,

Dan

Science Olympiad Tuesday Evening Practice Schedule
